ATTIC INSULATION REBATE POLICY

To qualify for your **Attic** Insulation Upgrade rebate of up to \$300, please carefully read the information below.

Rebate Requirements:

- Please refer to the Energy Efficiency Rebate Policy below for complete details.
- Must upgrade **attic** insulation in existing single-family homes to R-19 levels (blown, batting or spray foam) according to manufacturer's recommendations.
- Insulation **must be installed by an Approved Contractor**. (Please see our list of approved contractors found online at www.clewiston-fl.gov.)
- Rebate applicants agree to properly dispose of old insulation material removed by participating in this rebate program.
- Only residents with **pre-existing insulation levels less than R-19** qualify for the incentive program.

Energy Efficiency Rebate Policy:

Section 1. Overview

Clewiston Utilities offers conditional rebates to qualifying customers as an incentive to install qualifying equipment and/or appliances (referred to in this Policy as "Qualifying Energy Efficient Equipment"). Customers benefit from Qualifying Energy Efficient Equipment through utility bill savings and sound environmental stewardship; Clewiston Utilities benefits by reducing its peak demand and reliance on power production from fossil fuels.

Section 2. Program Eligibility Criteria and Requirements

The following criteria and requirements must be met for a customer to be deemed eligible for a rebate.

2.01. Eligible Participants

- Only residential retail electric customers of Clewiston Utilities may qualify for a rebate.
- Rebates are valid only on existing single family residential homes. Newly constructed homes are not eligible.
- The Qualifying Energy Efficient Equipment must be located on the customer's premises, and within Utility's service territory, and premises must receive retail electric service from Clewiston Utilities.
- Customers must not be in default of any payment obligations to Clewiston Utilities.

Attic Insulation Rebate Policy - *continued*

2.02. Qualifying Energy Efficient Equipment

- The following provides the equipment and appliances that qualify for a rebate; the rebate amount, and the limit on the number of rebates per customer:
 - Customer's existing Insulation level must be less than R-19. Re-insulation levels required over air conditioned space must be R-19 or greater according to manufacturer's recommendations.
 - Rebate Amount: \$0.24 per square foot, up to \$ 300. Rebate may not exceed purchase price.
 - Only existing, single family residences qualify.
 - Limit one rebate per residential customer account.

2.03. Additional Terms; Rebate Discount

- The following provides the terms and conditions for payment
 - Once installation is complete, customer must sign a "Clewiston Utilities Rebate Certificate" and return it to the approved contractor.
 - The rebate amount will be deducted from the contractor's invoice at the time of payment.
 - Contractor will submit the certificate and supporting documents to Clewiston Utilities to receive payment.
- Utility reserves the right to
 - Withhold payment of any rebate until any identified problems with the certificate are resolved.
 - Terminate this rebate in whole or in part due to the customer's failure to fulfill the terms and conditions in this document, or due to non-appropriation of necessary funds
 - Alter the rebate program at any time and without notice to customer.

2.04. Limit of Liability; Indemnification

- In no way shall Utility be liable for, and Customer hereby agrees to indemnify, defend and hold harmless Utility, its subsidiaries or affiliates, and their respective employees, officers and directors, from and against any and all liability, loss, damage, cost or expense, including attorney's fees, that may be caused by, due to, occasioned by, or otherwise arising out of the installation, operation, misoperation, or use of Customer's Qualifying Energy Efficient Equipment.
- Customer acknowledges and agrees that in no event shall any statement, representation, or lack thereof, either expressed or implied, by Utility, relieve the Customer of exclusive responsibility for the Customer's system. Specifically, Utility inspection of the Qualifying Energy Efficient Equipment shall not be construed as confirming or endorsing the Equipment design or its operating or maintenance procedures nor as a warranty or guarantee as to the safety, reliability, or durability of the Qualifying Energy Efficient Equipment.

2.05. Renewable Energy Credits; Green Attributes

- By participating in this program, customer agrees that Utility shall have the sole right to obtain and retain ownership of, and to qualify for and receive the full benefit of, any and all existing and future credits, certificates, benefits, environmental attributes, emissions reductions, offsets and/or allowances, however entitled, attributable to the purchase, installation and/or operation of the Qualifying Energy Efficient Equipment.

All rebates are subject to funding availability. Utility may cancel a rebate at any time prior to payment, without notice, due to lack of available funds.
